The Council had earlier received copies of the minutes of the regular Council meeting of December, 2025. Mayor Courtney asked for questions or comments. Dunn made a motion to approve the minutes. Goins seconded. After a request for a clarification by Volkman, motion passed on a voice vote.

It would be available to replenish funds for any shortfall, Treasurer White said. The Mayor is still working on a replacement for the Ward I vacancy.

The Mayor opened sealed bids in an auction of three parcels available. Melissa Edgin bid \$10,000 on 902 12<sup>th</sup> Street, and Heather Vencil bid \$1,510.23 on 1510 13<sup>th</sup>. The Mayor asked for a motion to purchase excavating equipment for the Cemetery. A used vehicle previously leased by another municipality is available for \$375,000, rather than purchasing new for \$600,000. The Council was interested in moving forward but wanted more financing information before passing a motion.

According to the Mayor, a notice of violation was sent from the Illinois Environmental Protection Agency to the City, but no maximum contaminant levels were exceeded in the City's drinking water system. The biggest issues were with the size of chloride tanks, operating permits from building permits linked to the City's system and a leaky well head. Waldrop motioned to repair all wells. Dunn seconded. The motion passed on a roll call vote, 7-0. Yeas: Waldrop, Volkman, Greene, Goins, Fritch, Dunn, Brewer. Nays: None.

Brewer spoke about the updated timesheets now used by the City work force. Volkman felt timesheets didn't address any human error. Goins motioned to continue using timesheets rather than implementing time clocks. Fritch seconded. Motion passed on a voice vote.

Navel from Conxxus spoke about the possibility of burying a fiber network.

Ed Brumley requested the Council to consider shifting boundaries of the aldermanic wards to more evenly distribute the votes among the City's four wards. According to Brumley, Ward III has 1,087 registered voters, more than Ward I (756), Ward II (361) and Ward IV (430). As development continues on the west side, the disproportionate numbers will grow, Brumley said.

Rodriguez was disappointed the City's risk management policy hadn't yet paid her claim. Kelsey Mickiewicz said Fritch should resign. Mitch Mickiewicz said the City's union is giving unions a bad name. Janet Horn felt the Council doesn't care about City residents. Bill Horn said lines weren't maintained. Bellinger inquired about the City buying the property at 1501 Olive where a counseling center once operated. Campbell felt there was a violation of the Open Meetings Act and Fritch should resign.

Volkman asked about manholes, Labor-Management meetings and water deposits. Dunn apologized about the City's risk management program, thought the City should investigate other coverage options and spoke about the disappointment in the failure to pass a time clock for City employees.

Goins motioned to adjourn. Dunn seconded.
